SK CERTIFICATE
of constancy of performance of essential characteristics of product
SK01 - ZSV - 0313

in compliance with the Act No.133/2013 Coll. on the constructional products and change and amendment of certain Acts, the certificate applies to the construction product

Fire resistant shutter with retractable stairs, type LMF and LWF

which is used in the interior of buildings, where horizontal shutter with declared fire resistance according to STN EN 14600 is required. The shutter with retractable stairs which provides access to separated space situated above the shutter is expected to be opened rarely and has to be closed after each opening. The product is

produced by

FAKRO Sp. z o.o., Węgierska 144a, 33-300 Nowy Sącz, Poland

and produced in the manufacturing plant

Stolart Sp. z o.o., Dobra 506, 34-642 Dobra, Poland

This certificate attests that all provisions referring to the assesment and verification of constancy of declared performance of essential characteristics of product (thereinafter: "performance assesment") and performances described in Slovak technical standard

STN 74 6481: 2000, STN 74 6481: 2000/Z1: 2003 and STN 74 6481: 2000/Z2: 2006

under system of performance assesment I are applied and the product fulfils all the prescribed requirements set out above.

This certificate was first issued on 07. 11. 2013 and will remain valid as long as the test methods and/or factory production control requirements included in the Slovak standard, used to assess the performance of the declared characteristics, do not change, and the product, and the manufacturing conditions in the plant are not modified significantly.
